

SOUTH WEST SCHOOL SPORT

ANNUAL REPORT

2017

INTRODUCTION

The Role of the Annual Report

This report provides members of the local and school community with information about South West School Sport activities and performance over the past year. It highlights our strengths and identifies areas for development and improvement during 2017.

The Annual Report is a public document required for the Department of Education & Training [DET] accountability and improvement purposes. It provides valuable information for DET and members of the school community on the achievements of South West School Sport (SWSS).

SOUTH WEST SCHOOL SPORT PROFILE

Role & Responsibilities

South West School Sport aims to provide quality sport education programs to Year 1 - 6, Year 7 - 12 and students with disabilities. The sport structure, from intra - school through to national level identifies and caters for the gifted and talented students and provides students with a goal at which to aim.

The regional sports office is responsible for organising and monitoring a program that promotes the development of sporting skills and abilities to a standard that will enable students to be selected in regional sporting teams capable of competing at a state level. An extended program is available for students to be selected from state championships to compete at national championships.

Paralleling this is the incentive and encouragement for a skilled and professional group of teachers to demonstrate their abilities while working with highly motivated and talented students, and to be rewarded for their efforts by recognition of appointment to various levels of regional, state and national officialdom.

Location and Characteristics

Geographically the South West School Sport Region extends from the Jandowae/Warra area in the east to Hebel in the south, west to Eromanga/Thargomindah and north as far as Tambo. South West School Sport is one of two school sport regions located in the Darling Downs and South West Queensland education region. It is one of two sports regions in Queensland comprised entirely of either rural or remote schools.

The South West School Sport Office is located centrally within the region in the DDSW – West office in Roma at the corner of Mayne and Feather Streets, Roma.

The South West School Sport region was first established in 1982, with restructuring occurring several times over the years leading to its present composition.

South West School Sport Region comprised entirely of either rural or remote schools.

Staffing

- Regional School Sport Officer.
- 94 Regional Team Officials (Regional Convenors, Coaches, Managers, Trainers) *See Appendix A.*

Districts

For participation & selection purposes the region has maintained the seven districts for the 10 – 12 years of age sector while the 13 – 19 years of age sector is divided into 4 zones for some sports while for other sports individual and/or combined school teams participate. (*See Appendix B for further details*).

Management	Participation/Selection	
District	10 – 12 Years	13 – 19 Years
<ul style="list-style-type: none"> • Balonne • Charleville • Chinchilla • Cunnamulla • Miles • Roma • Tara 	<ul style="list-style-type: none"> • Balonne • Charleville • Chinchilla • Cunnamulla • Miles • Roma • Tara 	<ul style="list-style-type: none"> • Central • Eastern • Southern • Western

Management Structure

The membership of **South West School Sport Board (SWSSB)** is as follows:

- Chair*
- 3 x 10-12 years delegates *
- 3 x 13-19 years delegates*
- 1 Non State delegate
- 1 Community Sport/Sport & Recreation delegate
- 1 Parent Group delegate
- 1 Indigenous Education delegate
- 1 Disability education delegate
- DET Regional Director [or their nominee]
- Regional School Sport Officer [Executive Officer]

The membership of **South West School Sport Management Group (SWSSMG)** is as follows:

- 10 – 12 years Executive*
 - 13 – 19 years Executive*
 - Two 10 – 19 years delegates from each of the seven districts
 - Disability Education delegate
 - Regional School Sport Officer [Executive Officer]
- *Chairs of both 10-12 years and 13-19 years to be principal/classified officer*

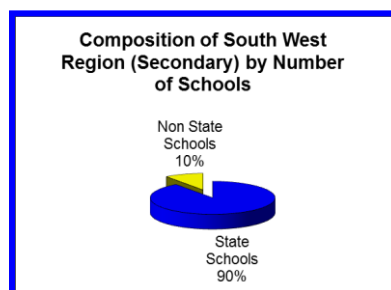

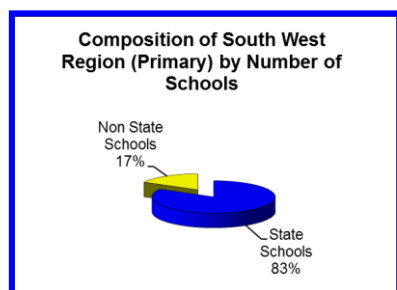

Each of these bodies had two face – to – face meetings during 2017 (February and October) in Roma with the Board also meeting by teleconference at least once each term.

Apparel

The colours for South West region are royal and gold. A large number of apparel items in a full size range are available to cater for a wide range of sports and ages. Both compulsory and optional items are offered to students. Ordering is done by way of individual apparel order forms. Positive comments are often received with respect to price, quality and design. Students, parents and teachers are able to have visual access to the full range of apparel items by way of the South West School Sport website. New designs introduced during 2017, a student polo and visor, proved immensely popular with staff, students and parents. During 2017 a number of recommendations were discussed regarding changes to regional apparel with the result that in 2018 there will be change in style of the playing shirt, cricket shirt, track jacket and bucket hat.

Schools

All state and non-state schools within our region are affiliated with South West School Sport. The region is comprised of 20 Year 7 - 12 schools/departments with the non-state to state school ratio being 2:20 and 49 Year 1 - 6 schools with a non-state to state school ratio of just over 1:6. Year 1 - 6 schools range in size from quite small with an enrolment of 4 students to our largest with 493 students. The majority of Year 1 - 6 schools in the South West Region, both state and non-state, have a student population of less than 50 (61%). The statistics for the Year 7 - 12 sector indicate that more than half (58%) of the schools have a student population of less than 100. All schools in this range being either P-10 or P-12 schools. The remaining Year 7 - 12 high schools have populations ranging from 200 to 638. (See Appendix B for further details)

Students

The students who participate in South West School Sport activities at a school, district, regional or state level come from all sectors including Primary [Year 1 – 6], Secondary [Year 7 – 12], special schools and schools of distance education. The students range in age from 10 years of age to 19 years of age.

Programs

There is an extensive array of sports on offer to students within the region. 13 – 19 years students are offered a choice of 19 sports (31 teams), 10 – 12 years students 16 sports (20 teams) and multi class students 3 sports (5 teams). The sports offered within the South West Region mirror the state program. Due to the smaller number of students and schools in Year 8 – 12 in the region, and the resulting selection of many in a range of sports, students in these age groups are able to further their representative careers, in a number of sports, through participation in the Darling Downs Regional Trials. (See Appendix C for further details).

Student Numbers

As per QSS procedure only those students enrolled in years 4 – 12 were considered when determining population and participation.

During 2017 a total of 2464 students trialled for South West School Sport teams in all age groups. Of this number 410 students were chosen to represent the Region at the respective state championships and a further 116 attended Darling Downs trials, 44.21% were students involved in 13 – 19 years carnivals, 47.02% were students involved in 10 – 12 years carnivals and 8.77% were students involved in 10 – 19 years carnivals. Statistics below detail the involvement of both state and non-state school students and staff in representative school sport.

South West Representation 10 – 19 Years of Age

	State	Non- State	Total
Schools in South West Region	53 (85.48%)	9 (14.52%)	62 (100%)
Students in South West Region Years 4 - 12	3574.1 (80.15%)	885 (19.85%)	4459.1 (100%)
Students Represented South West Region Ages 10 – 12 Years – State Championships	142 (66.67%)	71 (33.33%)	213 (100%)
Students Represented South West Region Ages 10 – 12 Years – Darling Downs Trials	25 (78.12%)	7 (21.87%)	32 (100%)
South West Team Officials [Teams aged 10 – 12 years]	43 (95.56%)	2 (4.44%)	45 (100%)
Students Represented South West Region Ages 13 – 19 Years – State Championships	122 (82.99%)	25 (17.01%)	147 (100%)
Students Represented South West Region Ages 13 – 19 Years – Darling Downs Trials	73 (82.02%)	16 (17.98%)	89 (100%)
Students Represented Queensland Ages 10 – 19 Years	3 (100%)	0 (0%)	3 (100%)
South West Team Officials [Teams aged 13 – 19 years]	47 (95.92%)	2 (4.08%)	49 (100%)
Students Represented South West Region Ages 10 – 19 Years – State Championships	35 (71.43%)	14 (28.57%)	49 (100%)
South West Team Officials [Teams aged 10 – 19 years]	5 (83.33%)	1 (16.67%)	6 (100%)

Major Carnivals

The 10 – 19 years Swimming was run for the first time in quite some years in Charleville. Convenors Brad Lines and Katie Lewis are to be congratulated for their organisation and running of the day. There were a number of records broken on the day some of which had been quite long standing [one since 1982!].

The 10 – 19 years regional Cross Country was held at Miles Golf Club and was an outstanding success once again with some very impressive times being recorded across all age divisions. The convenor, Nicole McTigue, conducted a very successful day. Nominations in the some age groups were the most in a number of years and the carnival saw the selection of the largest team to date compete at the combined state carnival in Brisbane.

The 10 – 19 years Track and Field Carnival was again hosted by Chinchilla SHS and Chinchilla District. The success of the two days was a tribute to the hard work of the organising committee and, in particular, the convenors, Lachlan McKensy and Chris McEvoy. The hosting of such a complex event, with the need for the more remote teams to arrive earlier and the resulting need for billeting, is always a hard task and the cooperation and communication between districts/schools made it much less stressful.

It has proved beneficial for all concerned to continue to forge ongoing relationships with outside agencies with the aim of working towards our goal of maximising the opportunities for children in sport.

Awards

The number of staff earning 'Five Year Service Awards' continued to grow during 2017 and this continuity of service to sport has helped ensure that our students are receiving the best possible preparation prior to state carnivals.

Acknowledgement is also afforded to all those officials who have worked tirelessly during the year for the benefit of students involved with school sport at school, district and regional level. Without their efforts the students of the region would not have the opportunities they need to develop the lifelong skills and attitudes for sport that form such an important part of school – community relations in the region.

Representative Honours

We are indeed fortunate to have many talented individuals within the Region. A number of South West students and teachers pursued their goals gaining representative honours at state levels. Congratulations to all Queensland representatives. 2017 witnessed several major highlights for the South West at the national level including:

- Georgia Wylie winning gold in shot put and discus at the Australian All Schools Athletics championships in the para-athlete U18 girls division. Her effort to win gold in the shot put saw Georgia break the national record that she had set in winning the previous year and she still has another year of competition in this age group to go!
- Cameron Thompson two gold medals at the QSS Athletics in the para-athlete U17 boys shot put and discus. Cameron was unfortunately unable to compete at nationals this year due to an operation on his leg.
- Benjamin Walters earning a bronze medal at the QSS 10-12 years Athletics and earning selection in the Queensland team.

Appendix E lists all students and officials from the region who represented Queensland in 2017.

**Georgia Wylie, Gold medal & new Australian record
2017 Australian All School Athletics**

ANNUAL OPERATIONAL REPORT

Schools

- South West has enabled approximately 2500 students to compete at regional carnivals or trials for selection in South West regional teams.
- In 2017, 245 students aged 10 – 12 years, 236 students aged 13 – 19 years and 49 students aged 10-19 years were selected to represent the South West region at state championships held at various venues around Queensland or equivalent Darling Downs trials.
- Sporting opportunities were offered to both state and non-state students in the age range 10 to 19 years in 18 sports for 13 – 19 year olds (33 teams) and 15 sports for 10 – 12 year olds (24 teams).
- Students with Disabilities were afforded the opportunity to represent the region at the Queensland 10 – 12 Years and 13 – 19 years Track & Field, Cross Country and Swimming carnivals.
- A combined SWSS and DDSS input into HOSES meetings resulted in an 83% increase in the number of students classified for sport in the region.
- For the first time the region hosted a 14 – 15 years girls rugby league regional trial and selected a team to participate at the QSS Invitational carnival.
- Coaching camps were held for students selected in the regional Cross Country and Athletics teams. The feedback from students and parents was overwhelmingly positive and was a contributing factor in improvements in performance at the state carnivals.
- The Sports Office effectively handled the transport, accommodation, outfitting and financial obligations of all regional Sporting teams, and was responsible for the overall coordination of State and Regional Carnivals held within the region.
- Team managers produce a written report following the state championships.
- Committees, representative of combined Year 4 - 12 districts meet twice annually.
- Public awareness of sporting activities in schools has been heightened by a supportive media.
- A variety of local newspapers regularly feature students and teachers from the South West region recognising their achievements and promoting the healthy lifestyle school sport projects.
- Regional trials continue to draw a large number of parents and supporters as spectators and many positive comments on the general organization and conduct of these carnivals has been received.
- Billeting of visiting players in the local community has always been achieved, though family environment trends have made billeting more difficult than in past years. It does interact the local community with school sport activity.

Learning

- In conjunction with SRQ, staff and students from schools in the region were able to participate in the Get Active Queensland Accreditation Program. The continuation of provision of free buses and assistance with accommodation costs helped to provide initiatives for staff to attend. A total of 58 teachers, students and community members participated in the program in 2017.
- With the continued success of the GAQAP there has been a reduction in schools and districts accessing professional development funds from the region however the November Board meeting voted to continue to make provision for submissions during 2018.
- The best possible reflection of the high standards set by SWSS is that no students were disqualified from any competition, no teacher misconduct was reported and there were no disciplinary reports presented during 2017.
- Financial Accountability is affected by audit of district and regional statements and accounts performed by Internal Audit.
- The SWSS website continues to be an important means of communication within the region. Its value as a means of broadcasting the successes, procedures and policies of South West School Sport cannot be overstated. Many parents have commented on the ease with which information can be accessed on the website and the timeliness of the posting of results and news articles.

School Workforce

- All Team officials are made aware of PPR requirements for their particular sports along with all other relevant Department policies. Student welfare, safety, injury minimisation and prevention are the key foci.
- SWSS produced a number of operational handbooks (managers, coaches, convenors) to assist with their roles. Teleconferences were held for all regional team officials to help them become more familiar with the expectations of their positions. These teleconferences now form a permanent part of the regional calendar.
- Each team Manager has a minimum level first aid qualification. All Team Managers maintain extensive student medical records; these are retained by the sports office for future reference.
- South West School Sport appointed 94 staff to coach, manage and convene the representative teams based on credentials, experience, suitability and the approval of their school principal.
- All officials received appropriate (managers, coaches, trainers or convenors) handbooks and kits with relevant documentation.
- RSSO addressed HOSES meetings across the DDSS education region to raise the awareness and procedures involved in having multi class students classified for sport.
- Additional support and direction is supplied as required by the Regional Sports Office.
- Convening State and Regional Carnivals has contributed to the development of teacher's personal skills in liaising with local government and sporting clubs and other community organizations to utilise facilities and skilled personnel.
- The use of personnel from outside the teaching ranks is on the increase, particularly at major Swimming, Cross Country and Track & Field carnivals.

FINANCIAL REPORT

Administration of Finances (as at 31 December 2017)

The financial affairs of the South West School Sport Board are administered by the Regional School Sport Officer (RSSO). Payments are authorised by the RSSO and endorsed by the administration officer on all disbursements.

The account is located at the Roma Branch of the Commonwealth Bank of Australia.

Revenue resources totalling **\$268 568.74** as at 31 December 2017 were derived from DET grants, bank interest, affiliation fees, sale of apparel, student levies and the conduct of sporting carnivals.

The total expenditure for SWSS comprises district grants, TRS, officials' allowances, cost of apparel, travel, accommodation, nomination fees, hire of facilities, first aid cover and office administration. This figure as at 31 December 2017 totalled **\$267 864.96**

LOOKING FORWARD to 2018

SWSS is looking to implement or further develop a number of initiatives in 2018. They include:

- Continuing to develop the SWSS website for schools, teachers, students and community organizations. A continuing priority will be the development of the district information section with the regular turnover of staff within the region making this an important tool to record information concerning functions, procedures, meetings, district trials etc so that new staff to a district will have access to information that will help to ensure a smoother transition.
- Continued enhancement of development opportunities for staff through the provision of both professional development funds to schools and districts as well as the organisation of courses at the regional level.
- Continued liaison with SRQ to provide quality professional development opportunities. The GAQAP courses on offer during the year will feature fewer options to select courses from and it is hoped that this will allow staff to concentrate more on selected sports.
- Continued enhancement of development opportunities for students in the officiating aspect of sport.
- Continued work with HOSES, AVT's and staff in all schools to raise the involvement of multi class students in the sport program and to increase the number of these students classified for sport.

A systematic and planned approach will be required to meet the challenges (as per *Every Student Succeeding, State Schools Strategy 2014 - 2018*). The core issues are:

- Alignment with DET's Action Plan for Rural and Remote Education so that our students can pursue the educational pathways necessary to foster lifelong learning and realise their aspirations.
- Provision of high-quality sports programs that meet the needs of rural and remote students, staff and communities and so ensure community wellbeing.
- In many country areas, the school is the hub of local community life. Schools often host a variety of social, cultural and sporting events and also provide various facilities for use by the broader community, such as an oval, tennis court, swimming pool etc.
- As enrolments and populations are often small, school communities tend to be tight-knit and supportive, particularly with regards to sport. Teachers are likely to know students and their extended families well, and students are likely to know their peers well, both in a school and a community context.
- Affording students and staff opportunities to participate in higher level competitions and so develop and enhance their skill levels to full potential, assists somewhat in overcoming the tyranny of distance.

CERTIFICATION

We, the undersigned, being the Chair of South West School Sport Board and the Regional School Sport Officer, certify that this South West School Sport Annual Report is a true and accurate report of the affairs of South West School Sport in 2018.
